AKSHAY ABRAHAM

STUDENT & BUILDER / KOTTAYAM, INDIA

PROFILE

I build systems around learning and care. My main focus is Lyra, a learning system that helps students work through problems and develop their reasoning. I learn by sharing and listening.

SELECTED PROJECTS

Lyra - guided learning and independent thinking
Mitra - wearable companion and caretaker system
MNEMO - voice-first knowledge companion for Obsidian
Driver Guard - fatigue monitoring with computer vision
M57 - native Android app for focused digital habits
NEPHRA - smart water bottle and hydration tracking

SELECTED MILESTONES

AIBoomi Startup Weekend Kochi - 1st place, October 2026
HackTVM Access Point - 1st place, October 2026
SAMEEKSHA - 1st place, February 2026
